### **Sample Demographics**

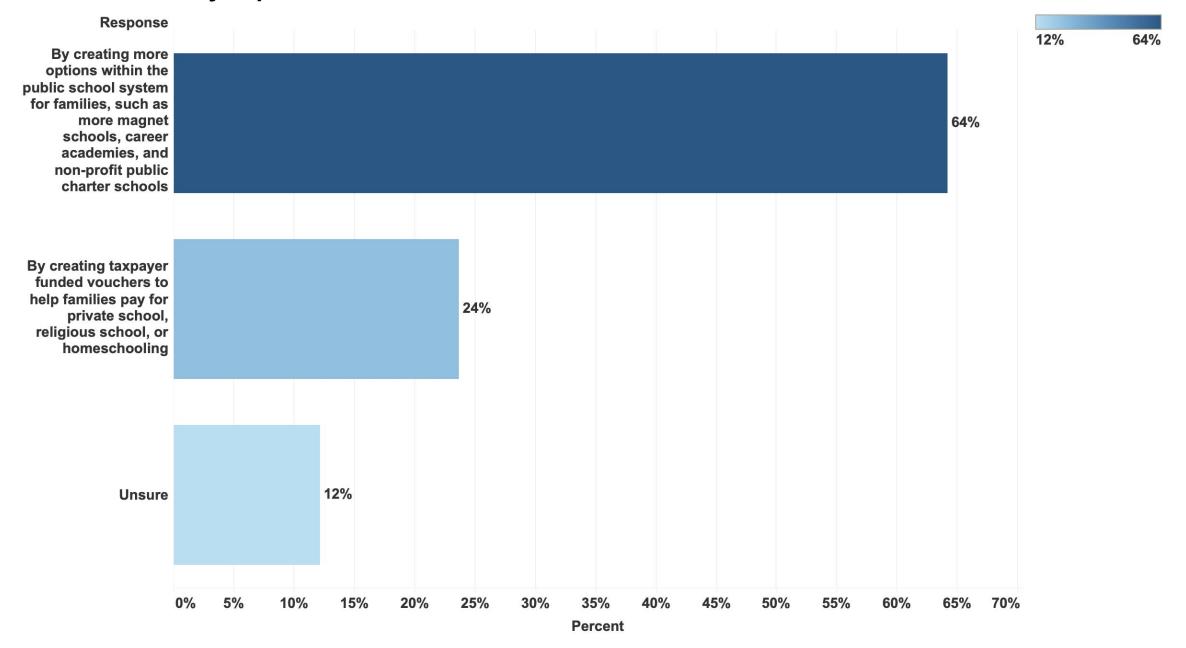

### **Texas Institutions Favorability**

#### **Support for Education Policies**

## Which of the following approaches to creating more educational choices for parents and kids in Texas do you prefer?

Finally, the Texas legislature is looking at policies that would ensure all public school students receive equitable funding. For example, public charter school students receive less money than their peers at traditional public schools, despite attending a public school. Would you support a measure to make sure funding is equal at each type of public school?
